Our Use of Cookies and Other Tracking Mechanisms

We and our third-party service providers use cookies and other tracking mechanisms to track information about your use of our Site or Services. We may combine this information with other personal information we collect from you (and our third-party service providers may do so on our behalf).

Cookies. Cookies are alphanumeric identifiers that we transfer to your computer's hard drive through your web browser for record-keeping purposes. Some cookies allow us to make it easier for you to navigate our Site and Services, while others are used to enable a faster log-in process or to allow us to track your activities at our Site and Service. There are two types of cookies: session and persistent cookies.

- **Session Cookies.** Session cookies exist only during an online session. They disappear from your computer when you close your browser or turn off your computer. We use session cookies to allow our systems to uniquely identify you during a session or while you are logged into the Site. This allows us to process your online transactions and requests and verify your identity, after you have logged in, as you move through our Site.
- **Persistent Cookies.** Persistent cookies remain on your computer after you have closed your browser or turned off your computer. We use persistent cookies to track aggregate and statistical information about user activity, and to display advertising both on our Site and on third-party sites.

Disabling Cookies. Most web browsers automatically accept cookies, but if you prefer, you can edit your browser options to block them in the future. The Help portion of the toolbar on most browsers will tell you how to prevent your computer from accepting new cookies, how to have the browser notify you when you receive a new cookie, or how to disable cookies altogether. Visitors to our Site who disable cookies will be able to browse certain areas of the Site, but some features may not function.

Clear GIFs, pixel tags and other technologies

Clear GIFs are tiny graphics with a unique identifier, similar in function to cookies. In contrast to cookies, which are stored on your computer's hard drive, clear GIFs are embedded invisibly on web pages. We may use clear GIFs (a.k.a. web beacons, web bugs or pixel tags), in connection with our Site to, among other things, track the activities of Site visitors, help us manage content, and compile statistics about Site usage. We and our third party service providers also use clear GIFs in HTML e-mails to our customers, to help us track e-mail response rates, identify when our e-mails are viewed, and track whether our e-mails are forwarded.

Third Party Analytics

We use automated devices and applications, such as Google Analytics, to evaluate use of our Services. We also may use other analytic means to evaluate our Services. To learn more about Google's privacy practices, please review the Google Privacy Policy at <https://www.google.com/policies/privacy/>. You can also download the Google

Analytics Opt-out Browser Add-on to prevent their data from being used by Google Analytics at <https://tools.google.com/dlpage/gaoptout>. We use these tools to help us improve our Services, performance and user experiences. These entities may use cookies and other tracking technologies to perform their services. We do not share your personal information with these third parties.

Do Not Track

Currently, our systems do not recognize browser “do-not-track” requests. You may, however, disable certain tracking as discussed in this section (e.g., by disabling cookies); you also may opt-out of targeted advertising by following the instructions in the Third Party Ad Network section.

Third-Party Ad Networks

We use third parties such as network advertisers to display advertisements on our Sites, to assist us in displaying advertisements on third party websites, and to evaluate the success of our advertising campaigns. Network advertisers are third parties that display advertisements based on your visits to our Site as well as other websites. This enables us and these third parties to target advertisements by displaying ads for products and services in which you might be interested. Third party ad network providers, advertisers, sponsors and/or traffic measurement services may use cookies, JavaScript, web beacons (including clear GIFs), Flash LSOs and other technologies to measure the effectiveness of their ads and to personalize advertising content to you. These third-party cookies and other technologies are governed by each third party’s specific privacy policy, not this one. We may provide these third-party advertisers with information about your usage of our Site and our services, as well as aggregate or non-personally identifiable information about visitors to our Site and users of our service.

User Generated Content

We invite you to post content on our Site, including your comments, pictures, and any other information that you would like to be available on our Site. If you post content to our Site, all of the information that you post will be available to all visitors to our Site. If you post your own content on our Site or Services, your posting may become public and Company cannot prevent such information from being used in a manner that may violate this Policy, the law, or your personal privacy.

privacy policies of those third-party websites. We are not responsible for the information practices of such third-party websites.
